THE NEWS-DEMOCRAT PUB. CO.

Sunday was Dewey day. It was six  
years ago that the battle of Manila  
bay was fought.No weather prophet has any stand-  
ing either in his own or any other  
country. All are under the ban.There is one thing sure. While peo-  
ple of the country are growing about  
the wet weather, the rivermen are  
making heavy shipments of coal to the  
south and west.The St. Louis exposition was not  
the first lot of machinery set in mo-  
tion by a golden key. Such an in-  
strument has been very effective in  
starting up political machines.Even the Russians admit that the  
Japs crossed the Yalu river in their  
very face and chased them out of an  
entrenched position. And from all re-  
ports, the Japs had the fewer men.The St. Louis exposition is open,  
but not all the exhibits are in place.  
It is rumored that the Japanese are  
thinking of sending over a few cap-  
tured Russians as a part of their ex-  
hibit.It looks almost like a drawn battle  
between the Parker and Hearst men  
at Saturday's primaries. However,  
the persons who voted were a small  
per cent of those who go to make up  
the party.Prof. Beal of Scio, the author of the  
Beal local option law, has come out  
in defense of Herrick. He says that  
the Brannock bill as amended is  
stronger than it was before the govern-  
or interfered.The action of the Japs in preferring  
death to capture by the Russians may  
have been heroic, but is was not very  
smart. A good soldier knows when to  
yield and when to run. The jig is up  
after they are dead.Angus M. Cannon, of Salt Lake City,  
one of the foremost Mormons in the  
country, visited in Canton over Sun-  
day, and when interviewed discussed  
almost everything except the main  
question—the investigation of Reed  
Smoot at Washington.It is so seldom that anything comes  
Alliance's way that she has a spasm  
when there is a little success. Holles  
had just got through jollying over  
his own election when the school con-  
test came up, and then he went off  
into another convulsion.It is said that two-thirds of the con-  
gressional committeemen selected are  
called conservative Democrats—men  
who are aiming to get the party out  
of the rut and placed upon a fighting  
footing. They are not representing  
men, but principals.It will be a mistake for the Demo-  
crats of Stark county to divide on ex-  
treme questions and get up factional  
strife that will again divide the party  
at the polls. There is a middle, con-  
servative ground upon which all  
should meet.What became of the tramp that was  
seen crawling into the pest house a  
few nights ago? So far as heard from,  
no one has headed him off or cornered  
him. That pest house should be  
locked tightly after it has been used,  
so that no one ignorant of its charac-  
ter could get into it. Standing open,  
there is danger of even little children  
walking into it.It is said that friends of Mayor  
Bell, of Massillon, who are on the  
congressional committee will push  
him for delegate to the national con-  
vention from this district. Stark county  
will be entitled to one of the two  
apportioned to the district. Just  
what other Democrats are aspiring to  
the position has not been ascertained.There is nothing in view for the  
structural steel car works as far as  
starting up is concerned, but there is  
consolation in knowing that the Tim-  
kin works will nearly double its ca-  
pacity and it will not be long until  
something is done with the magnifi-  
cent building and machinery of the  
car works.Representative Welker must have  
been mistaken in his statements that  
the Brannock bill was passed on Sat-  
urday while he was at home, having  
been given to understand that it would  
not pass until Monday. The bill passed  
the house on Friday morning.

Then Mr. Welker says his action in

voting against the canal steal caused  
him to be turned down when he de-  
sired to have his bills passed. This  
sounds rather strange for Representa-  
tive Holles also voted against the  
canal steal and yet he had five bills  
passed. It is odd that Mr. Welker  
found so much opposition from that  
quarter and Mr. Holles none.  
It is true that the legislature failed  
to enact into law the increased salary  
bill but Mr. Welker voted for it in the  
house and his intent was shown.

## An Explanation Needed.

Representative Welker has taken oc-  
casion to say that the News has not  
stated the truth about his actions in  
the legislature. Now Mr. Welker has  
been talking and it is a question as to  
how close to the truth he has kept him-  
self. In the Repository of Friday he  
is quoted as follows:  
"It seems to have been the under-  
standing," said Mr. Welker, "that I  
supported that provision of the new  
code which fixes the maximum term  
of the superintendent at five years,  
and that I advocated granting to the  
superintendent the power of appointing  
teachers. These two provisions I  
opposed at all times and voted against  
without exception. In a code prepared  
by the minority members, and in the  
formulation of which I assisted, these  
two provisions did not appear, for the  
reason that we were from beginning to  
end opposed to them."Now Mr. Welker, is it not true that  
the minority report of the committee  
of which minority you were a mem-  
ber, provided for a five year term for  
superintendent? Was not this minority  
report amended on motion of Mr.  
Holles to make the term three years  
and did not the conference committee,  
of which you were a member, change  
the term back to five years? Did not  
almost every newspaper in the state  
published this information at the time?Let us know, Mr. Welker, if the  
paper in question reported you cor-  
rectly and if it did how you reconciled  
the statements contained in the article  
with the facts.

## After Mr. Krichbaum.

Editor Morning News—Why our  
friends, such as Mr. Krichbaum, are  
worried about the Democratic nomi-  
nation for president, is something of  
a mystery. Mr. Krichbaum says,  
"For some reason every man of means  
has left the Democratic party," mean-  
ing clearly the capitalists. "The great  
mass of men of modest means, the  
grocer, the merchant, the manufactur-  
er great and small, the laborer who  
is the owner of a home, the banker  
or holder of stock in banks, no matter  
how small, was either openly or se-  
cretly, against the Democratic party."  
"That every man of means, and this  
includes every man of modest means  
—is in the Republican party, is a most  
melancholy fact."Of course the above includes Mr.  
Krichbaum and his like, as is clearly  
shown by this article.He says of Judge Parker, "Upon  
whose escutcheon there is no blot or  
stain except that he has the friend-  
ship of Mr. Cleveland and Mr. Hill,  
and who twice voted for and support-  
ed Mr. Bryan." Pointing out as one  
of his few faults that he supported  
Mr. Bryan.Again he says, "With the promise  
of the nomination of Judge Parker  
by the National Democracy has al-  
ready created consternation in the  
Republican ranks."

## Now I note:

1. Of course neither Mr. Krichbaum  
nor any of his belief have voted with  
a party of which they have entertain-  
ed such opinions ever since 1896.2. As Mr. Krichbaum and those  
who think like him are included in  
the men of "great or modest means,"  
they have all left the Democratic party.  
Why then do they worry and in-  
sist upon building up another party  
just like the Republican party? Why  
run another party on parallel lines?  
Why divide the respectable people?  
Why not continue to vote with the Re-  
publican party, just as you have done  
since 1896? The Republican party  
suits you, why not stick to it?

3 "Consternation in the Republi-

## How to Find Out.

Fill a bottle or common glass with  
your water and let it stand twenty-  
four hours; a sediment or settling in-  
dicates an unhealthy condition of the  
kidneys; if it stains the linen it is  
evidence of kidney trouble; too fre-  
quent desire to pass it, or pain in the  
back is also convincing proof that  
the kidneys and bladder are out of  
order.

## WHAT TO DO.

There is comfort in the knowledge  
so often expressed that Dr. Kilmer's  
Swamp-Root, the great kidney and  
bladder remedy, fulfills every wish in  
curing rheumatism, pain in the back,  
kidneys, liver bladder and every part  
of the urinary passage. It corrects  
inability to hold water and scalding  
pain in passing it, or bad effects fol-  
lowing use of liquor, wine or beer, and  
overcomes that unpleasant necessity  
of being compelled to go often dur-  
ing the day, and to get up many times  
during the night. The mild and ex-  
traordinary effect of Swamp-Root is  
soon realized. It stands the highest  
for its wonderful cures of the most  
distressing cases. If you need a medi-  
cine you should have the best. Sold  
by druggists in fifty cent and one dol-  
lar sizes.You may have a sample bottle of  
Swamp-Root and a book that tells  
more about it, both sent absolutely  
free by mail. Address Dr. Kilmer &  
Co., Binghamton, N. Y. When writ-  
ing mention that you read this gen-  
erous offer in the Canton "Semi Week-  
ly Stark Co. Democrat." Don't make  
any mistake, but remember the name  
Swamp-Root, Dr. Kilmer's Swamp-  
Root, and the address, Binghamton,  
N. Y., on every bottle.can ranks?" Why if Mr. Krichbaum  
has talked with his neighbors, he  
knows that every Republican wants  
Parker nominated, and that every  
Gold Democrat that left the party in  
1896, and is "openly or secretly  
against the Democratic party," wants  
Parker nominated. Consternation?  
Why, from Wall street down to bro-  
ther Krichbaum, the enemies of the  
Democratic party want Parker nomi-  
nated because they think he will add  
the privileged classes more than Mr.  
Roosevelt, whom the privileged classes  
do not trust. If Mr. K. reads, he  
knows that all of the monopolistic  
press in the land is for Parker.Why, Mr. K. the consternation  
among your class is for fear that in-  
stead of Parker, or his ilk, some  
friend of the masses will be nominat-  
ed.4. It is not true that all men of  
large means are in the Republican  
party. A few of them still believe  
in equal rights for all citizens, rich  
and poor alike.It is not true that all men of small  
means—all owners of their homes are  
in the Republican party; on the con-  
trary, the majority of the intelligent  
men of moderate means, and laboring  
men are in the Democratic party.  
The Republican party is the pul-  
tocratic party, the party of special priv-  
ileges, the party of the aristocracy of  
wealth, and naturally attracts the im-  
itators.Let all who worship the dollar above  
manhood, vote with the Republicans;  
and let all who believe in equal  
rights, that our country should be  
made the land of the free get togeth-  
er and elect a friend of the common  
people, president of the United States.  
JAMES STERLING.

## AMONG THE EXCHANGES

Union men and professors of music  
attach a great deal of importance to  
the scale.—Youngstown Telegram.  
Why not? Isn't the key-note  
"dough?"So much brain food is made at Ak-  
ron's cereal mills that it is not any  
wonder that Akron forges ahead of  
her neighbors.—Akron Times-Democrat.Forges ahead, and the home-made  
"brain food" is the cause of it! It  
has been a cause of conjecture what  
produced the abnormal development  
of some Akronian's craniums.Wonder what Former Governor  
James E. Campbell has up his sleeve  
that he contemplates leaving his lu-  
crative New York practice and return  
to Ohio?—Salem News.Whatever it is, it seems to be a  
cause for worryment to some Republi-  
can newspapers.Superintendent Sarver of the Can-  
ton schools, has asked the Canton  
Morning News to retract its state-  
ment to the effect that he had writ-  
ten a complimentary letter concerning  
the Alliance students. Of course he  
didn't write such a letter, and  
"Willie," better known as "Sallie"  
Knox, should have known better. But  
then Knox came from Minerva, and  
probably never heard of a grapevine.  
—Alliance Review.The exchange reader "acknowledges  
the corn," but his astonishment at see-  
ing something in the Review worth  
clipping prevented his usual careful  
examination of the article. The in-  
tensity of the reader's surprise was  
equalled only once previously—that  
occasion being when he read of Rep-  
resentative-Editor Holles voting  
against the doubling of his own sal-  
ary at Columbus.A remarkably large amount of dirty  
Democratic linen is now being wash-  
ed in public and hung out on party  
lines to dry.—Youngstown Telegram.  
By the attention you pay to it,  
brother, it must be female linen.The direct inheritance tax bill has  
passed the Ohio senate. It taxes  
every estate 2 per cent on everything  
over \$200. At the same time the bill  
relieving life insurance companies of  
\$180,000 tax now paid the state, was  
passed. It takes from the widow and  
orphan and gives to the rich corpora-  
tion.—Cadiz Sentinel.Widows and orphans are not voters,  
don't you see, and do not carry a ward  
or precinct vote in their pockets.In many cities all over the country  
stringent measures are now being  
enacted by councils prohibiting the  
sale of toy pistols and other danger-  
ous Fourth of July explosives. Now  
is the time for such measures before  
dealers have placed orders for life  
destroyers and the prohibition can  
scarcely be made too sweeping. Hu-  
man life is too precious to be reck-  
lessly destroyed by the use of ex-  
plosives, the very manufacture and  
sale of which should be strictly pro-  
hibited.—Mansfield News.Canton has been particularly un-  
fortunate in the number and serious-  
ness of its Fourth of July accidents,  
and an "ounce of prevention is worth  
a pound of cure." Proper measures  
should be taken now.

## MAY DOUBLE TRACK

The Stark Electric Between Canton  
and Salem.Salem Herald—It is said upon very  
good authority, that it is the intention  
of President Morley to double track  
the entire Stark Electric system from  
Salem, the northern metropolis of Col-  
umbiana county, to Canton, the me-  
tropolis of Stark county. This may  
be done next year or the year after.  
It is the endeavor to make the Stark  
Electric one of the best traction sys-  
tems in the United States.

## WANTS \$2,000

Damages for an Assault.  
Court News.Henry H. Groner has brought rather  
an unusual action against William  
Mishler. The men had a fight, or, as  
is claimed, Mishler assaulted Groner  
and gave him a beating, and as a result  
the latter has sued his assailant for  
\$2,000 damages.The petition was filed yesterday by  
Attorney W. J. Piero. It charges that  
on February 1, 1903, on East Tuscara-  
was street, Mishler, with force and  
arms did make an assault upon Groner,  
beating, kicking, bruising and wound-  
ing him to his damage \$2,000, for which  
amount judgment is demanded.

## HUSBAND ABSCONDED.

Mary Clouser has sued John F.  
Clouser for divorce. They were mar-  
ried in New Berlin in 1901, where the  
wife now resides. She charges gross  
neglect of duty, but the principal al-  
legation is that she inherited \$300  
which she turned over to him to in-  
vest for her. Instead he absconded  
with the cash and since that time  
nothing has been heard from him or  
the money. C. T. Meyer is the wife's  
attorney.

## ANOTHER CASE.

Ellsworth Huber has brought an ac-  
tion for divorce against Maggie C.  
Huber. They were married in Pennsy-  
lvania in 1885 and have three children.  
The plaintiff charges that she at times  
threatened to kill him and the children  
and that she is inordinately jealous of  
him, carrying her charges to such a  
degree that he was compelled to leave  
her. He says that she is jealous of all  
the neighbor women. He owns prop-  
erty in the city and asks that the wife  
be deprived of her dower interest in the  
same.

## TO APPRAISE

The Railroads Running  
Through Stark Co.Auditor Oberlin has fixed the dates  
for the meeting of auditors for the  
purpose of appraising the various  
railroads which run through Stark  
county. The law requires that the  
auditors meet in the county which has  
the largest town along the line of the  
railway. This brings the meeting of  
the Pittsburg, Ft. Wayne & Chicago  
appraisers to Canton, she being the  
largest city in Ohio on that railroad.  
The railroad traverses the entire  
length of the state and twelve audi-  
tors will meet here on May 26 to fix a  
tax value upon the big trunk line.The other dates are as follows:  
Canton and Waynesburg, May 20;  
Massillon railway, May 20; Lake Erie,  
Alliance and Wheeling, at Alliance,  
May 23; Massillon and Cleveland, at  
Canton, May 26; Canton-Akron and  
Canton-New Philadelphia, May 16;  
Canton and Massillon, May 17; Stark  
Electric, at Alliance, May 23.Auditor Oberlin will go to other  
cities to assist in the appraisal of  
other roads on the following dates:  
Cleveland and Pittsburg at Cleveland,  
May 6; Wheeling & Lake Erie and  
Cleveland, Canton and Southern,  
Cleveland, May 19; Cleveland, Termi-  
nal and Valley, Cleveland, May 21;  
Cleveland, Lorain & Wheeling at  
Cleveland, May 18.

## FOREIGN WARSHIPS

Not Welcome at Certain  
of Our Ports.Washington, D. C., May 1.—Foreign  
vessels of war are always welcome at  
any port in the United States or its  
colonies, except eight. These have  
been marked off and foreign represen-  
tatives here advised as to the restric-  
tion that it had been deemed advis-  
able to place about the exceptions.There are: Culebra harbor; Guan-  
tanamo, Cuba; Pearl Harbor, Hawaii;  
Tortugas, Fla.; Guam and Subig Bay,  
Philippine Islands and the ports and  
anchorage of Kiska Islands, Aleutian  
Archipelago.The reason for this marked change  
in the attitude of the navy depart-  
ment is on account of new fortifica-  
tions having been ordered at the points  
mentioned.It is not deemed advisable since the  
United States has entered the lists as  
a world power to permit the freedom  
of inspection of her fortifications as in  
the past.
